

Zoence Mystery School Weekend Event

The All-Seeing Eye

Expanding awareness and vision in ourselves and the land

9-10 November 2024

led by Peter & Sarah Dawkins

Bonnington House, Jupiter Artland, Wilkieston, Edinburgh, Scotland

This weekend event, which is open to all who want to delve into the mysteries of the landscape, nature and the human soul, will include an education and training in expanding our awareness and raising our consciousness so that our inner vision is enhanced to such an extent that it opens the third eye, the all-seeing eye. There is a science behind this.

We will also learn about the Edinburgh-Pentlands landscape temple that functions as the brow chakra of the Grail Land, of which both Bonnington/Jupiter Artland and Rosslyn Chapel and Castle are key parts. We will explore these two places to see their differences and how they work together.

The Grail Land is a landscape temple stretching from the south of France to the north of Scotland, complete with all seven major chakras and three alta-major chakras. We will learn something about this and how it works, and how it can work better and help the whole of Europe when we do the right things in the right places at the right times within it.

The weekend event will take place at Bonnington House, which sits within Jupiter Artland, the award-winning sculpture park created by Robert and Nicky Wilson, and is a perfect location for a mystery school event. The weekend will include talks, meditations and training, plus good food and the chance to explore Jupiter Artland and visit Rosslyn Chapel and its surrounds. (See over for details →)
